

Learn Direct

Learn Direct needed a four day shoot completed to a tight deadline with scenes in a variety of locations including outside an industrial estate, in a bar and in offices. Comprising of over two hundred seperate clips Gamma Media shot, photographed, directed, edited and encoded the entire production which was required for a multi-path e-learning package.

Working with eight different actors in six locations across Brighton a significant effort was required by the production team as well as the writers, project managers and assistants to meet the deadline. The project was completed within the deadline and to budget. {rokzoom album=|examples|}/images/stories/ufi2.jpg{/rokzoom} {rokzoom album=|examples|}/images/stories/ufi3.jpg{/rokzoom}{rokzoom album=|examples|}/images/stories/ufi4.jpg{/rokzoom}{rokzoom album=|examples|}/images/stories/ufi5.jpg{/rokzoom}
